Growth System Proposal

01 / EXECUTIVE SUMMARY

A complete growth system for *[Client Name]*.

This proposal outlines the recommended engagement between Consultus Digital and [Client Name]: a fully integrated performance marketing system spanning the website, landing pages, content, video, conversion optimization, creative, paid media, and tracking infrastructure.

Each service is scoped to work as part of one revenue engine, not as isolated tactics. The engagement is delivered entirely in-house by a dedicated team with a named Account Strategist as your single point of contact.

ENGAGEMENT STRUCTURE

01	02	03	04	05
Build the Foundation	Drive Traffic	Generate Leads	Sell	Measure & Modify

The engagement runs in two phases. Phase One is the one-time build of your growth foundation: website, landing page, content, video testimonials, CRO setup, creative package, and performance tracking. Phase Two is the ongoing monthly engagement that drives, converts, and compounds traffic through paid media, recurring creative production, continuous optimization, and strategic oversight.

04 / PERFORMANCE PROJECTIONS

What to *expect*.

Projections below reflect benchmarks from comparable engagements across our client portfolio. Final targets are calibrated to [Client Name]'s industry, offer, geography, and market dynamics during onboarding.

ACQUISITION Cost Per Lead \$50 – \$150 Blended CPL across Google and Meta, varies by industry and competition.	EFFICIENCY Return on Ad Spend 3× – 8× Stabilized ROAS by month 4–6 post-launch, assuming closed-loop tracking.	CONVERSION Website Conversion Rate 3% – 8% Landing page and funnel conversion lift from baseline via CRO program.
VOLUME Qualified Leads / Month 80 – 250 Based on \$20K ad spend across Google and Meta at target CPL ranges.	GROWTH Organic Traffic Lift 40% – 120% Year-over-year organic growth from SEO-optimized content and site build.	QUALITY CRO Test Win Rate 25% – 40% Share of A/B tests that produce statistically significant conversion lift.

EXPECTED TIMELINE

Months 1–2	<i>Foundation</i>	Website, landing page, tracking, and content live. Paid campaigns launched with initial learning budget.
Months 3–4	<i>Optimization</i>	Early performance data informs creative refresh and CRO testing. Expect lead volume ramp and CPL stabilization.
Months 5–6	<i>Compound</i>	ROAS hits target range. SEO signals begin compounding. CRO wins stack into month-over-month conversion improvement.
Months 7–12	<i>Scale</i>	Scaling ad spend against proven unit economics. Organic growth accelerates as content and authority build.
